### TWO DISTINCT DIVISIONS IN THE GROUP

## What's changing?

- "Paradigm" Consulting & Mortgages amalgamated to create an IFA support services business (membership)
- "Tatton" All income relating to investment management activities presented under Tatton

#### Rationale

- Integration & collaboration within the Paradigm division improves cross-fertilisation opportunities
- Consolidation of accountability and responsibility under single leadership
- Tatton now includes all client investment-related revenue

#### **Impact**

- Simplification of structure improves transparency and understanding of "what we do"
- No change in reported AUM
- No change in forecast expectations

# **INDUSTRY TRENDS**

| Market challenges and trends  | Response / impact  |
|---|--|
| IFA/client inertia due to political and macro economic environment  | General impact across the market but the Group in a good position to continue to compete   |
| Reduced net flows in the wider market   | Slowdown in net flows but still remain healthy at £440m (7.2%) in H1. Recent activity shows signs of improvement   |
| IFA consolidation   | Consolidation set to continue. We are not immune, it impacts Paradigm, but this is also an opportunity for Tatton  |
| Increased competition due to the trend towards the platform model and outsourced model portfolio solution | Tatton remain the lowest cost DFM provider, platform agnostic with a strong track record of performance. Our expanding range of propositions ensures we can meet the needs of IFAs and their clients |
| Increasing interest in passive / hybrid models  | Tatton offers a full range of portfolios and funds to meet the shift in client preference. Active, Passive, Hybrid and Ethical   |
| Increased regulatory pressures on wider market  | Drive to outsource investment and compliance set to continue and well placed to meet the demand  |

#### Portfolio Service - six risk profiles, 29 model portfolios

#### Tatton Managed Portfolios

The Tatton Managed Portfolios are constructed from actively managed funds. We select managers with strategies most aligned with our market view of the global economy that allow the potential for portfolio gains within a chosen level of risk.

#### **Tatton Core Portfolios**

The Tatton Core Portfolios are a hybrid mix of passive and actively managed funds effectively blending returns from the two strategic approaches. This hybrid approach reduces the cost of investing through the use of passive funds.

#### **Tatton Income Portfolios**

The Tatton Income Portfolios seek to generate reliable income and capital growth to ensure asset values stay in line with inflation.

#### **Tatton Tracker Portfolios**

The Tatton Tracker Portfolios are constructed from passive funds. The portfolios are managed in the same way as our other portfolios and following the same geographical and asset allocation strategies, with the exception of using passive rather than actively managed funds.

#### **Tatton Ethical Portfolios**

The Tatton Ethical Portfolios that allow investors to have their entire portfolio managed under the ethical considerations that they care about. We combine negative and positive screening to give clients peace of mind that their investments not only align with their principles but also generate investment returns in line with their risk profiles

- Overweight Europe position has assisted in outperformance for the period. Our more core holdings in the Tracker range have also been strong with September's value bounce back
- Regional allocations would have benefitted from an overweight in US stocks, which have continued to be very strong this year.
   Part of this strong US performance is visible in the Ethical model returns which have a more globally weighted allocation

## SINFONIA ACQUISITION

- On 30 September 2019 Tatton acquired the entire issued share capital of Sinfonia Asset Management Limited (SAM), a wholly owned subsidiary of the Tenet Group for a consideration of up to £2.7 million
- SAM comprises five risk-targeted funds with a total AUM of £135 million
- These five additional funds will complement Tatton's existing fund range and expand the access IFAs' clients have to a range of diversified investments portfolios on investment platforms that cannot yet accommodate discretionary portfolio services
- Acquisition-related costs of £102,000 have been recognised as exceptional items in the P&L

#### Consideration

- Of the consideration of up to £2.7 million, £2.0 million was payable on completion with the remaining balance of £0.7 million becoming payable in two equal instalments subject to meeting AUM of the funds remaining >= £135m\*
- The provisional amounts recognised in respect of the identifiable assets acquired and liabilities assumed upon acquisition are set out in the table
