"We continued to make excellent progress in the first six months of this financial year delivering very good growth across all parts of our business. We are delighted to have reached £10.8 billion of AUM at the end of September. This has been delivered through a combination of strong organic growth of 12.8% and the acquisition of Verbatim funds, announced towards the end of the Period, which added a further £0.7 billion to the total.

"Following the recent acquisition of the Verbatim fund range and strategic partnership with Fintel, we remain excited about the future opportunity for the Group. We are pleased with the start we have made and look forward to developing stronger relationships with the firms over the rest of this year and beyond. Alongside this, Paradigm continues to perform well as we continue to attract new firms to our services, with the value of mortgage completions during the Period reaching record levels.

"As we look forward to the rest of the year, we are confident of making further progress and delivering against our strategic objectives."
